

### Key Features

- Multiple Operating system Support
- Device Management Software (Optional)
- One Key Recovery Tool (Optional)
- Diagnostics tools (Optional)
- Premium build quality
- Tool-less chassis design
- TPM and Security Lock
- Make in India Product

## Technical Specifications

|                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
